

THE MILLER GROUP

TECHNOLOGY SOLUTIONS

OUR SERVICES

MANAGED IT SERVICES

- Unlimited Remote IT Support
- Monthly On-Site Technician Visits
- 24/7 Monitoring
- Computer/Network/Server Support
- Disaster Recovery Planning
- Flat Fee Pricing
- Managed Antivirus
- Hosting Solutions

VOIP PHONE SOLUTIONS

- Cheaper than your expensive phone company with many more features
- Receive your voicemail on your mobile device and in your email inbox
- Call recording to ensure customer satisfaction
- Find-Me feature to receive business phone calls on your mobile device
- Other features include: Park Presence, Web Portal Interface, Incoming Call Blocking, Reporting & Analytics, and many more.

CYBER SECURITY TRAINING

- Provide engaging training for your employees (95% of breaches are caused by human error!)
- Learn how to: identify phishing emails and websites, formulate proper passwords, avoid the dangers of social media and more
- Training leads to fewer PC rebuilds, reduced IT expenses and less employee downtime

BACKUP AND DISASTER RECOVERY

- Recover and restore core business data/systems quickly during an unexpected outage
- Local and off-site backup solutions to reduce downtime and recovery times
- Image-based backup technology ensures that a "picture" of the user's entire system is taken hourly, so that all files, applications, emails, etc. are recoverable.

WORDPRESS WEBSITE DEVELOPMENT & HOSTING

- Allows our clients to make changes to the website themselves without any HTML or coding experience
- Customized website catered to the client's business needs and future growth potential
- Complete mobilized and responsive design
- Your website can grow as your business grows through multi-functional plugins
- Monthly website updates, 24/7 uptime monitoring, monthly SEO reports, and dedicated support staff

MICROSOFT 365

- Sync your email, calendar & contacts across all your devices
- Always have the most updated version of Microsoft Office at no extra cost
- Store your documents in the cloud and access them wherever you have internet
- 99.9% uptime guarantee and security compliance to keep your data safe
